AMINA A.A
FULL–STACK DEVELOPER

PROFILE

As a junior web developer, I am actively pursuing a full-time position where I can leverage my expertise in Core JavaScript, Data Structures, and Linux. With a passion for crafting efficient and innovative web solutions, I am dedicated to contributing positively to dynamic team environments. Eager to continue learning and growing in the field, I am committed to delivering high-quality work and driving impactful results.

ACADEMIC EXPERIENCE

FISH GRID   2022-2023

Web-Based Application

Github

- This is a Web-based application facilitating online booking and purchase of ornamental fish, fish food, aquarium, and accessories.
- Admin and shop management system enabling booking, payment management, and order tracking.
- Emphasis on providing healthy aquarium plants and accessories through same-day shipping, stringent quality checks, and careful packaging.
- Developed using Python and Django framework, ensuring efficient and robust functionality.

PORTFOLIO   2023-2024
